

CEMENT, CONCRETE, STONE & SAND

Rebuilding Victoria; Protecting Lives; Creating Jobs

HEAVY CONSTRUCTION MATERIALS SUPPLY CHAIN

The COVID-19 pandemic has significantly disrupted Victoria's economy. The construction sector, supported by an efficient heavy construction materials supply chain, provides the engine for Victoria's economic recovery. Cement, concrete, stone and sand are the critical materials that enable Victoria's construction industry, employing 340,000 workers and contributing 45% of Victoria's taxation revenue base.

IMPLEMENTING THESE CHANGES NOW WILL:

Keep people and communities safe and working

Allow Victoria to rebuild our economy fast

Attract essential investment

Fast-track critical infrastructure for the future

Reducing business costs – greater payroll tax relief, remove quarry royalties & fees, remove biodiversity charges, remove land tax burden

WHAT NEEDS TO CHANGE

encroachment

- Fast track approvals process
- ✓ Implement Strategic Extractive Resource Areas in 4 LGAs by Dec'20
- 24 hr product loading and sales
- 24 hr product loading and sales
- Priority road access

- Alternative sources of aggregate easily available in concrete mixes if specific quarries closed due to COVID-19
- Implementing the new environmental regulations efficiently
- Night time deliveries allowed
- Streamlined last kilometre permit applications for heavy vehicle access
- O Government stimulus package
- Bring forward State/Local Government infrastructure projects
- Fast track development approvals
- Fast-track infrastructure and road-maintenancework while roads remain uncongested
