CEMENT, CONCRETE, STONE & SAND

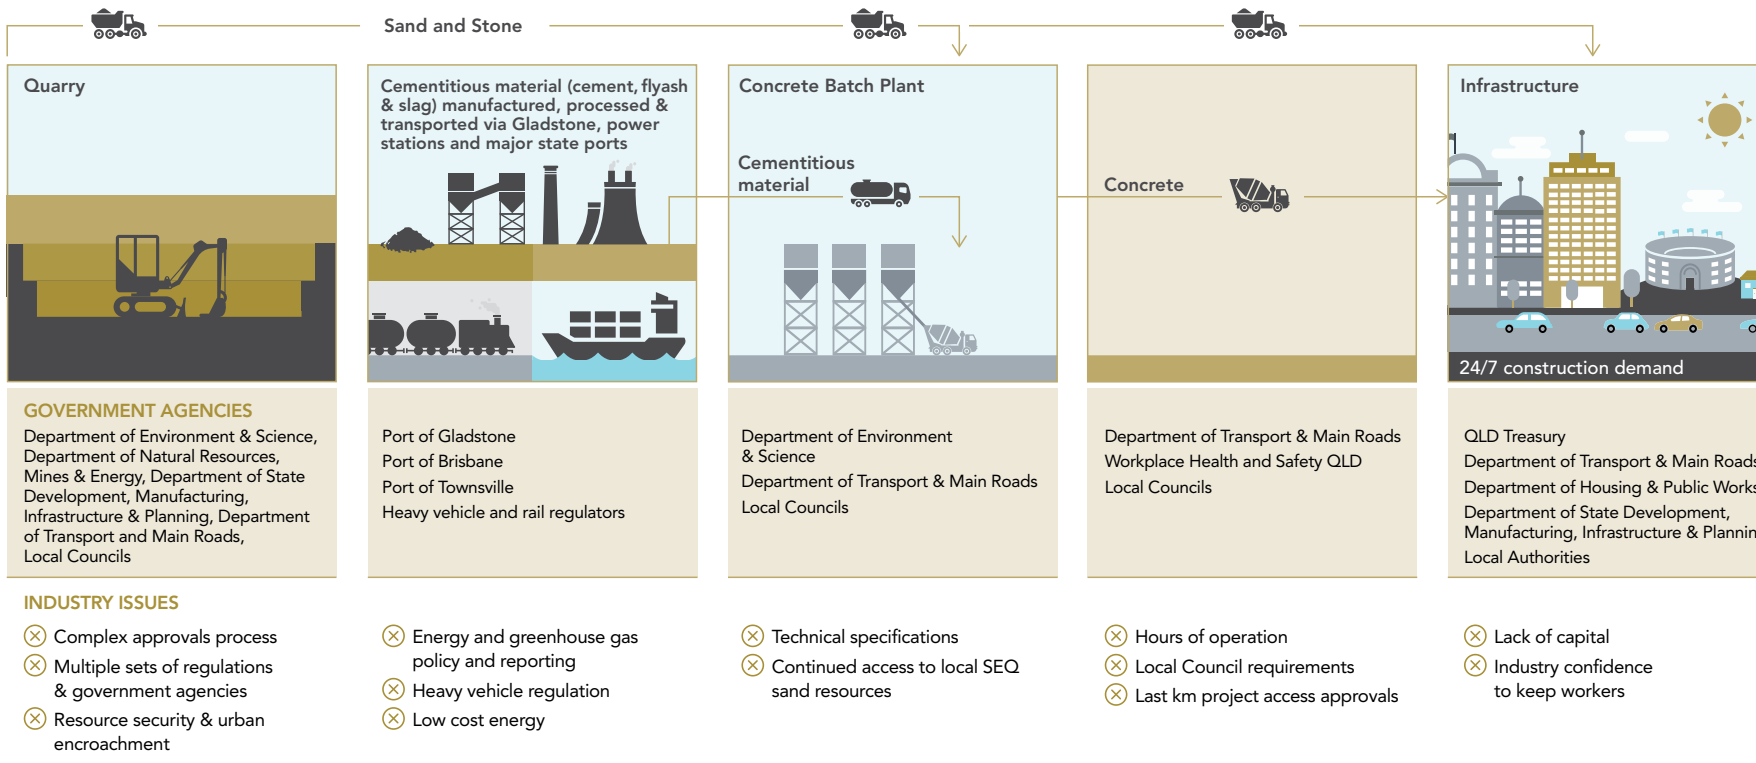

Building Queensland;
Creating Jobs; Protecting Livelihoods

HEAVY CONSTRUCTION MATERIALS SUPPLY CHAIN

Employing about 230,000 Queenslanders, the construction sector, supported by an efficient heavy construction materials supply chain, provides the engine for Queensland's economic recovery from COVID-19. Cement, concrete, stone and sand are the critical materials that enable QLD's construction industry to support the State during this unprecedented time in QLD's history.

EFFICIENT SUPPLY CHAIN → DELIVERS → JOBS IN A RECOVERING ECONOMY

Reducing business costs – greater relief from environmental licence fees, quarry safety and health levy, land tax, payroll tax

- 5 KEY INITIATIVES FOR QLD**
- 1. Infrastructure spending**
 - ✓ Expediated management and release of QTRIP project funds and other State Government infrastructure projects
 - ✓ Progressing key projects such as Inland Rail Project and Brisbane Metro Project
 - ✓ Significant region building projects such as the Coomera Connector
 - 2. Resource and private sector investment**
 - ✓ QLD Government to expediate approvals of mining and resource projects to create jobs
 - ✓ Incentives and infrastructure to encourage companies to base large operations in QLD
 - 3. Regulatory stoppages**
 - ✓ Commitment to resolve regulatory STOP SIGNS put up by non-representative local interests (particularly for quarry approvals) so the state as a whole can progress
 - ✓ Relaxation in constraints for hours of operation for construction sites and supplying operations
 - 4. Residential building**
 - ✓ Introduce policies to stimulate the residential building sector
 - 5. World class infrastructure**
 - ✓ An ambitious infrastructure program in transport, water and power generation to allow key drivers of our economy – such as mining, energy and agriculture exports to flourish post COVID-19, helping to lead QLD out of the current recession and set a path for longer-term economic success

IMPLEMENTING THESE CHANGES NOW WILL:

- Keep people and communities safe and working
- Allow Queensland to rebuild our economy fast
- Attract essential investment
- Fast-track critical infrastructure for the future

BENEFITS OF ACTING NOW:

- ✓ Keeps Queenslanders in a job
- ✓ Allows the construction sector to act as the engine room to rebuild the Queensland economy fast
- ✓ Heavy construction material supply can ramp up fast
- ✓ Retains industry skills and capability in Queensland
- ✓ Gives industry confidence to invest and raise capital
- ✓ Keeps the Government's infrastructure program on schedule
- ✓ Drives affordable and innovative infrastructure
