

2018

CONSTRUCTION MATERIALS ENVIRONMENTAL MANAGEMENT CONFERENCE

RYDGES SOUTH BANK, BRISBANE

**WEDNESDAY
12 SEPTEMBER, 2018**

**CEMENT CONCRETE
& AGGREGATES AUSTRALIA**

Register now for the **Construction Materials Environmental Management Conference (CMEMC18)** to be held on Wednesday 12 September 2018 at Rydges South Bank Brisbane. Co-hosted by CCAA, IQA and the Queensland Government (Department of Environment & Science); this one-day conference addresses key environmental issues in the heavy construction materials industry.

Register:

[Click here](#) to register for this not-to-be missed event. Some 170 delegates attended the event in 2017, ensure your place and [register now!](#) This year, there is the opportunity for regional/rural, interstate and international delegates to attend via videoconference!

Conference Venue:

The seminar will be held at [Rydges South Bank Brisbane](#) with parking available at the [Brisbane Convention & Exhibition Centre](#). Conference attendees are entitled to special room rates - [click here](#) to receive 20% off Rydges best available rate online or phone 07 3364 0800 and quote the conference name.

Why Should I Attend?

- Participate in thought provoking sessions on Global, National and Local Environmental issues
- Hear about good environmental management practices from leading industry experts
- Understand DES's role as Queensland's environmental regulator
- Be inspired by sessions on the latest environmental innovations
- Learn practical solutions to manage environmental issues

- Equipment manufacturers and suppliers
- Industry planning and development professionals
- Students and academics
- Anyone interested in environmental management in the cement, quarrying and concrete industries

Maria Atkinson AM

Maria is a Director, Activist, Entrepreneur, Angel Investor, and Consultant

to name a few of her roles. Most recently she has had the role of Eastern City District Commissioner helping to co-create 40 year strategic plans for Sydney to be more productive, sustainable and liveable. Maria has 20 years experience with international corporations and not-for-profit and government organisations. She is a global operator with a deep understanding of social and environmental markets and trends. Maria is internationally recognised for her work in sustainability and for her work on catalysing change on the big issues that matter in society. Maria also holds several Board memberships including the Lafarge Holcim Foundation. In 2012, she was awarded a Member of the General Division of the Order of Australia for "service to the construction and real estate sector, particularly as a leader and contributor to environmentally sustainable building development in Australia."

For more information contact Vanessa Finnerty from CCAA • Phone: 07 3227 5200 • Email: vanessa.finnerty@ccaa.com.au

The **full registration fee of \$135** includes attendance at all CMEMC18 sessions, refreshments, lunch and post event networking drinks.

The **videoconferencing registration fee of \$100** includes attendance via videoconference facilities.

To Register:

Click here to purchase online via the IQA secure payment gateway. A receipt will be sent by return email.

The IQA may distribute a delegate list in any correspondence relating to an event or workshop. Should you not wish to have your name and company included in the delegates list, please email the IQA CEO at ceo@quarry.com.au. For full details of IQA's cancellation, privacy policy and terms and conditions, visit www.quarry.com.au

Photo Competition

CMEMC18 is excited to announce the second annual photography competition - "Nature At Work" where all speakers, delegates, sponsors, hosts and their colleagues are encouraged to enter images of species (both fauna and flora), their habitats, and landscape settings found on operational quarries, concrete batching plants, and cement facilities.

Entries close on 24 August 2018.

Click here for more information and how to enter this exciting competition.
